## Updated Employer's Guide to Health Care Reform

With the Reconciliation bill signed by President Obama on March 30, 2010, health care reform may be the law, but many questions still remain. We have updated our Employer's Guide to Health Care Reform ([www.kellerbenefit.com/resources/legislative.html](http://www.kellerbenefit.com/resources/legislative.html)) to reflect both the final law and the additional details which may affect your health plans. Regulations will be issued in the coming months which will provide clarity and guidance for implementing these reforms.

We are committed to helping you make informed and strategic decisions as you consider the impact of health care reform on your organization. We will keep you informed as the regulatory process evolves.

If you have any questions or concerns in the interim, please contact your Keller consultant.
